

Dear valued customer,

Snowmobile season is fast approaching, and we want to be sure your machine is running as smooth as possible. To be sure it is, we are offering a pre-season service special which includes:

- Clean the carburetors (non-fuel injected models)
- Clean and inspect clutches
- Check over front and rear suspension
- Check slider and track wear
- Check ski alignment and wear bar condition
- Perform compression testing (non-fuel injected models)
- Check chain case oil level and adjust chain tension
- Check over electrical system
- Inspect coolant level/strength
- Check fan belt condition (if applicable)
- Adjust oil pump (if applicable)
- Change engine oil (4 stroke models only)
- Change spark plugs (850 models only)
